An Act to extend the provisions of Act No. XII. of 1843.

WHEREAS it is expedient that every decision, sentence, or final order, made or passed by any Officer of the East India Company acting judicially, together with the reasons for the same, should be written in the Vernacular language of the Officer by whom the same is made or passed, and should be signed by him at the time of pronouncing such decision, sentence, or order ; it is enacted as follows :—

I. Every decision, sentence, or final order, which shall hereafter be made or passed by any Officer of the East India Company acting judicially, together with the reasons for making or passing the same, shall be written in the Vernacular language of such Officer, and shall be dated and signed by such Officer in Court at the time of his making or passing the same, and the original shall be filed with the record or proceedings in the case, and a translation thereof, where the original is recorded in a different language to that in ordinary use in proceedings before such Officer, shall be incorporated in the decree, or record of the decision, sentence, or order.

THE following Act, passed by the Legislative Council, received the assent of the Most Noble the Governor General of India on the 23rd of December 1854, and is hereby promulgated for general information :—

ACT NO. XXXIV. OF 1854.

An Act for regulating the establishment and management of Electric Telegraphs in India.

WHEREAS it is expedient that provision should be made for regulating the establishment and management of lines of Electric Telegraph in India, it is enacted as follows :—

I. Within the territories in the possession and under the Government of the East India Company, the said East India Company shall have the exclusive privilege of establishing lines of Electric Telegraph. Provided that the Governor General of India in Council may grant a license to any person or Company to establish a line of Electric Telegraph within any part of such territories, which license shall be revocable on the breach of any of the conditions therein contained.

II. Whoever shall, otherwise than under a license duly granted as aforesaid, establish or after revocation of such license maintain a line of Electric Telegraph within the said territories, shall be liable to a fine not exceeding one thousand rupees, and for every week during which such line shall be maintained shall be liable to a further fine not exceeding five hundred rupees.

III. Whoever shall use a line of Electric Telegraph, knowing or having reason to believe that it is an unlicensed line, for the purpose of sending or receiving messages, or shall perform any service incidental thereto, shall, for every such offence, be liable to a fine not exceeding fifty rupees.

IV. The Governor General of India in Council may, on the occurrence of any public emergency, take temporary possession of any line of Electric Telegraph established under license within the said territories.

V. Any Railway Company, on being required so to do by the Governor General of India in Council, shall permit the Government to establish upon the land of such Company adjoining the line of Railway a line of Electric Telegraph, and shall give every reasonable facility for establishing and using the same.

VI. The Governor General of India in Council may from time to time frame rules for the conduct of Electric Telegraphs established by Government not inconsistent with this Act, and thereon prescribe the regulations, conditions, and restrictions according to which all messages and signals shall be transmitted.

VII. The Government shall not be responsible for any loss or damage which may occur in consequence of any person employed by the Government in the Electric Telegraph Department failing to transmit with accuracy any message entrusted to him for transmission; and no such person shall be responsible for any such loss or damage, unless he shall cause the same negligently, maliciously, or fraudulently.

VIII. Whoever shall without permission enter into a Government Telegraph Office, or shall refuse to quit the same on being requested to do so by any officer or servant employed therein, or shall wilfully obstruct or impede any such officer or servant in the performance of his duty, shall be liable to a fine not exceeding one hundred rupees.

IX. Whoever shall wilfully cause or attempt to cause any interruption to the transmission of signals along a line of Electric Telegraph established by the Government, by cutting or injuring the wire, or by injuring any portion of the line, or any instrument or apparatus, or by any other means, shall be liable to be imprisoned, with or without hard labor, for a term not exceeding two years, or to fine, or to both.

X. Whoever shall wilfully or negligently damage or injure any post or any portion of the line of such Electric Telegraph, shall be liable to a fine not exceeding fifty rupees.

XI. Whoever, being in the employ of the Government in the Electric Telegraph Department, shall fraudulently or maliciously secrete, make away with, alter, or omit to transmit any message which he may have received for transmission, or shall fraudulently or maliciously disclose any message so received by him and directed to be kept secret, shall be liable to be imprisoned, with or without hard labor, for a term not exceeding two years, or to fine, or to both.

XII. Whoever being in such employ shall be guilty of any act of drunkenness, carelessness, or other misconduct, whereby the transmission or delivery of any message shall be endangered, or who shall loiter or make delay in the transmission or delivery of any message, shall be liable to a fine not exceeding one hundred rupees.

XIII. Whoever being in such employ shall transmit by the Electric Telegraph any message upon which the prescribed charge has not been paid, intending thereby to defraud the Government, shall be liable to be imprisoned, with or without hard labor, for a term not exceeding two years, or to fine, or to both.

XIV. Whoever shall fraudulently or maliciously transmit or cause to be transmitted by an Electric Telegraph established by Government a message which he knows to be false or fabricated, shall be liable to be imprisoned, with or without hard labor, for a term not exceeding two years, or to fine, or both.

XV. Any person not being a European British subject, who shall, beyond the local limits of the jurisdiction of Her Majesty's Supreme Court of Judicature, commit any of the offences mentioned in Sections IX, XI, XIII, and XIV, of this Act, shall be punishable upon conviction by any Magistrate within whose jurisdiction the offence shall be committed.

XVI. Any person, whether a European British subject or not, who shall be guilty of any offence for which, according to the provisions of this Act, he shall be liable to a fine only, shall be punishable for such offence by any Justice of the Peace for any of the Presidency Towns of Calcutta, Madras, and Bombay, or for any of the Settlements of Prince of Wales' Island, Singapore, and Malacca, Magistrate, Joint Magistrate, or person lawfully exercising the powers of Magistrate, within whose jurisdiction the offence shall be committed; and any person hereby made punishable by a Justice of the Peace, shall be punishable upon summary conviction.

XVII. XVIII. A Magistrate may refer for trial and decision any charge of an offence hereby made punishable by fine only, to any of his Assistants or to any Deputy Magistrate lawfully appointed to exercise the powers of a Covenanted Assistant; and in such case every such Assistant or Deputy Magistrate may exercise all the powers vested in a Magistrate, subject to all the rules applicable to criminal cases deputed to such Assistants or Magistrates acting judicially.

Posited will be returned when payment in full has been made by the said Purchaser or his order.

11th. The Officer superintending the Sale on the part of the Board of Revenue is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit, either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1,000 for each Lot.

With a view to prevent fictitious bid-dings, designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale shall be competent, at any time during the Sale, to withdraw any unsold Lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bond fide* Bidder for a Lot, after it has been offered for Sale in the mode here described, shall be held and declared to be the Purchaser of the said Lot, and the Officer of Government superintending the Sale shall also be competent to dispose, in the same manner, of as many of the subsequent Lots as he may think proper, provided always that no Lot shall be sold below the minimum price of 400 Rupees specified in the Second Clause of these Conditions.

13th. 14th. In the event of any dispute or difference, touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every plea and pleas to the jurisdiction of the said Supreme Court shall be waived.

An account of the weight of the Drug, when packed at Behar and Benares, and a Statement of the average weight of the Chests, indiscriminately taken, for the purpose of comparison, from the despatches, on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue; and further,

that four Chests of Behar and Benares Opium which have been reserved from the Provision of the two preceding years, will be also shown to the Purchasers at the Exchange Rooms on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th. Any further information, respecting weight or quality of the Opium advertized for Sale that may be desired by parties connected with the Trade, will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug which may be preferred on reference to Chests, after the Sale and delivery of the Opium for shipment.

19th. It is hereby further notified, that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1814, quoted below, the Agents in India of the French Government, or persons duly appointed by them are entitled to demand, that out of the quantities of Behar and Benares Opium, declared as above for Sale at the Twelve Sales in the months of January, February, March, April, May, June, July, August, September, October, November, and December, 1855, there shall be delivered to them, at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisition for the whole of the Opium required by them during the year, within thirty days after the publication of this Advertisement, specifying the particular Sale or Sales from which the quantity of Opium is intended to be taken. If the Agents

of the French Government shall not make the requisition for Opium within the time above-mentioned, the entire quantity of about 53,319 Chests of Behar and Benares, as above estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales above-mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose :—

Article 6th. With regard to the Trade in Opium, it is agreed between the high contracting parties, that at each of the periodical Sales of that article, there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of Chests so applied for, provided that such supply shall not exceed Three Hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that, if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much on reduction of the Three Hundred Chests hereinbefore mentioned. The requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta, within thirty days after notice of the intended Sales shall have been published in the *Government Gazette*."

An Act for regulating the establishment and management of Electric Telegraphs in India.

WHEREAS it is expedient that provision should be made for regulating the establishment and management of lines of Electric Telegraph in India, it is enacted as follows :—

I. Within the territories in the possession and under the Government of the East India Company, the said East India Company shall have the exclusive privilege of establishing lines of Electric Telegraph. Provided that the Governor General of India in Council may grant a license to any person or Company to establish a line of Electric Telegraph within any part of such territories, which license shall be revocable on the breach of any of the conditions therein contained.

II. III. Whoever shall use a line of Electric Telegraph, knowing or having reason to believe that it is an unlicensed line, for the purpose of sending or receiving messages, or shall perform any service incidental thereto, shall, for every such offence, be liable to a fine not exceeding fifty rupees.

IV. The Governor General of India in Council may, on the occurrence of any public emergency, take temporary possession of any line of Electric Telegraph established under license within the said territories.

V. Any Railway Company, on being required so to do by the Governor General of India in Council, shall permit the Government to establish upon the land of such Company adjoining the line of Railway a line of Electric Telegraph, and shall give every reasonable facility for establishing and using the same.

VI. The Governor General of India in Council may from time to time frame rules for the conduct of Electric Telegraphs established by Government not inconsistent with this Act, and therein prescribe the regulations, conditions, and restrictions according to which all messages and signals shall be transmitted.

VII. The Government shall not be responsible for any loss or damage which may occur in consequence of any person employed by the Government in the Electric Telegraph Department failing to transmit with accuracy any message entrusted to him for transmission; and no such person shall be responsible for any such loss or damage, unless he shall cause the same negligently, maliciously, or fraudulently.

VIII. Whoever shall without permission enter into a Government Telegraph Office, or shall refuse to quit the same on being requested to do so by any officer or servant employed therein, or shall wilfully obstruct or impede any such officer or servant in the performance of his duty, shall be liable to a fine not exceeding one hundred rupees.

IX. X. Whoever shall wilfully, or negligently damage or injure any post or any portion of the line of such Electric Telegraph, shall be liable to a fine not exceeding fifty rupees.

XI. Whoever, being in the employ of the Government in the Electric Telegraph Department, shall fraudulently or maliciously secrete, make away with, alter, or omit to transmit any message which he may have received for transmission, or shall fraudulently or maliciously disclose any message so received by him and directed to be kept secret, shall be liable to be imprisoned, with or without hard labor, for a term not exceeding two years, or to fine, or to both.

XII. Whoever being in such employ shall be guilty of any act of drunkenness, carelessness, or other misconduct, whereby the transmission or delivery of any message shall be endangered, or who shall loiter or make delay in the transmission or delivery of any message, shall be liable to a fine not exceeding one hundred rupees.

XIII. Whoever being in such employ shall transmit by the Electric Telegraph any message upon which the prescribed charge has not been paid, intending thereby to defraud the Government, shall be liable to be imprisoned, with or without hard labor, for a term not exceeding two years, or to fine, or to both.

XIV. Whoever shall fraudulently or maliciously transmit or cause to be transmitted by an Electric Telegraph established by Government a message which he knows to be false or fabricated, shall be liable to be imprisoned, with or without hard labor, for a term not exceeding two years, or to fine, or both.

XV. Any person not being a European British subject, who shall, beyond the local limits of the jurisdiction of Her Majesty's Supreme Court of Judicature, commit any of the offences mentioned in Sections IX. XI. XIII. and XIV. of this Act, shall be punishable upon conviction by any Magistrate within whose jurisdiction the offence shall be committed.

XVI. Any person, whether a European British subject or not, who shall be guilty of any offence for which, according to the provisions of this Act, he shall be liable to a fine only, shall be punishable for such offence by any Justice of the Peace for any of the Presidency Towns of Calcutta, Madras, and Bombay, or for any of the Settlements of Prince of Wales' Island, Singapore, and Malacca, Magistrate, Joint Magistrate, or person lawfully exercising the powers of Magistrate, within whose jurisdiction the offence shall be committed; and any person hereby made punishable by a Justice of the Peace, shall be punishable upon summary conviction.

XVII. No conviction, order, or judgment of any Justice of the Peace shall be quashed for error of form or procedure, but only on the merits; and it shall not be necessary to state on the face of the conviction, order, or judgment, the evidence on which it proceeds; but the depositions taken, or a copy of them, shall be returned with the conviction, order, or judgment, in obedience to any writ of *certiorari*; and if no jurisdiction appears on the face of the conviction, order, or judgment, but the depositions taken supply that defect, the conviction, order, or judgment shall be aided by what so appears in such depositions.

XVIII. A Magistrate may refer for trial and decision any charge of an offence hereby made punishable by fine only, to any of his Assistants or to any Deputy Magistrate lawfully appointed to exercise the powers of a Covenanted Assistant; and in such case every such Assistant or Deputy Magistrate may exercise all the powers vested in a Magistrate, subject to all the rules applicable to criminal cases deputed to such Assistants or Magistrates acting judicially.

XIX. The local Government may give general authority to any such Assistant or Deputy Magistrate to exercise without reference by a Magistrate, any of the powers which they are hereby rendered competent to exercise upon reference by a Magistrate, subject to appeal to the Magistrate from any conviction by such Assistant or Deputy Magistrate, within one month from the date of the conviction.

Provided that a Magistrate may at any time call from any of his Assistants, or from any Deputy Magistrate subordinate to him, any case pending before such Assistant or Deputy Magistrate.

XX. All fines imposed under the authority of this Act, for offences punishable by fine only, by any Justice of the Peace, Magistrate, Joint Magistrate, or person lawfully exercising the powers of a Magistrate, or by any Assistant to a Magistrate, or Deputy Magistrate, may, in case of non-payment thereof, be levied by distress and sale of the goods and chattels of the offender, by warrant under the hand of any of the above-named Officers; and in case any such fine shall not be forthwith paid, any such Officer may order the offender to be apprehended and detained in safe custody until the return can be conveniently made to such warrant of distress, unless such party shall give security to the satisfaction of such Officer for his appearance at such place and time as shall be appointed for the return of the warrant of distress, and such Officer may take such security by way of recognizance or otherwise; and if, upon the return of such warrant, it shall appear that no sufficient distress can be had whereon to levy such fine, and the same shall not be forthwith paid, or in case it shall appear to the satisfaction of such Officer, by the confession of the party or otherwise, that he has not sufficient goods and chattels whereupon such fine or sum of money could be levied if a warrant of distress were issued, any such Officer by warrant under his hand may commit the offender

to prison, there to be imprisoned only, or to be imprisoned and kept to hard labor, according to the discretion of such Officer, for any term not exceeding two calendar months where the amount of the fine shall not exceed fifty rupees, and for any term not exceeding four calendar months where the amount shall not exceed one hundred rupees, and for any term not exceeding six calendar months in any other case; the commitment to be determinable in each of the cases aforesaid on payment of the amount.

XXI. If any Servant of the East India Company, employed in the Electric Telegraph Department within the dominions of any Foreign Prince or State in alliance with the said Company, in which an Electric Telegraph is established by the said Company, shall, within the dominions of such Prince or State, commit any act hereby prohibited, or omit to do any act hereby required to be done by any person similarly employed within the territories under the Government of the said Company, such Servant of the said Company shall be guilty of an offence, and on conviction thereof shall be punished in the same manner as if such act had been done or omitted within the said last mentioned territories; and every such person may be tried, convicted, and punished either by fine or otherwise, according to the nature of the offence, by any Court or Officer duly empowered by the Governor General of India in Council to take cognizance of offences committed in such dominions by servants of the East India Company, or by any Court or Magistrate or other competent Officer in any part of the territories within the Government of the East India Company, in the same manner as if the offence had been committed in such part of the said territories.

XXII. The word "Magistrate" in this Act shall include Joint Magistrates and persons lawfully exercising the powers of Magistrates; and the word "Fine" shall include a penalty or forfeiture.

XXIII. It shall be lawful for the Governor General in Council to frame rules for the conduct of any Electric Telegraph established by license under this Act, and to declare from time to time what portions of this Act shall be applicable to such Telegraph and to persons using the same or employed in connexion therewith.

No. 25 of 1855.—The under-mentioned men of Her Majesty's Service are permitted to reside in India and Australia as Out-pensioners of Chelsea Hospital, and to draw their pay at the stations specified opposite to their respective names, according to the 23rd Clause of the Royal Warrant of the 24th May 1847, pending a reference to the Horse Guards as to the amount of their pensions:—

No. 26 of 1855.—The Most Noble the Governor General of India in Council is pleased to permit the several Regiments in the Service of the East India Company employed in Pegu during the late War, to wear on their colors and appointments the word "Pegu."

No. 27 of 1855.—The Most Noble the Governor General of India in Council is pleased to rescind the Government General Order No. 128. of the 25th May 1835, which directs that a Medical Officer shall be considered ineligible to the situation of Superintending Surgeon until he shall have served for two years in the Military branch of his profession at some period subsequent to his promotion to the rank of Surgeon.

No. 28 of 1855.—By Article 21 Section XXV. of the Pay and Audit Code of 1849, Native Troops, embarked for foreign service beyond Sea, are allowed rations gratis while on ship board, and while on shore, on service beyond Sea, they are allowed "Money Rations," which are drawn for them in Abstract from the Pay Department.

2. In the latter situation, they are also allowed the privilege of drawing certain rations of provisions from the Commissariat Stores in certain fixed quantities, on paying for them at certain fixed rates, as laid down in Article 24 Section XXV. of the Code.

3. The rate of the "Money Rations" authorized by Article 21 Section XXV. of the Code is "published in Orders by Officers Commanding Divisions and Detachments at the close of each month, on a Certificate from the Commissariat Executive Officer, of the current prices in the bazars, or of the rates at which they were issued from the public Stores, as the case may be," of the articles laid down in Article 24 Section XXV. of the Code, and in the quantities laid down in that Article.

4. It will be evident that, when the Troops resort to the Commissariat Department for their rations, the Commissariat Officer's Certificate for determining the rate of "Money Rations" will be a mere copy of the rates laid down in Article 24 Section XXV. of the Code, and that the sum received by the Troops as "Money Rations" from the Pay Department, on the authority of the Certificate, will eventually be made over, wholly or in part, according to the period embraced in the Certificate, to the Commissariat Department, in payment for the rations supplied to the men.

5. This system of drawing from the Pay Department and paying to the Commissariat Department having been found to entail unnecessary labor on the Officers of the Commissariat Department in Burmah, and from the peculiar circumstances of the country, to impose on the Officers a responsibility to which they are not fairly liable, the Most Noble the Governor General in Council

is pleased, at the recommendation of the Commissary General, which has been concurred in by His Excellency the Commander-in-Chief, to authorize the adoption of the Madras method of rationing Native Troops on foreign service, in lieu of that which now obtains in Bengal.

6. It is accordingly notified, that from and after the 1st January 1855, rations will be issued gratis by the Commissariat Department to all Native Troops entitled to receive Money Rations, which shall cease to be drawn from the Pay Department.

7. It is to be distinctly understood, that this Order is intended to apply only to "Troops entitled to receive Money Rations." Native Troops, in the performance of routine duties in the Eastern Settlements, to whom Money Rations are not allowed, must continue to pay for such supplies as they may receive from the Commissariat Department; and the early payment of the Bills of the Department, for the supplies, is particularly impressed on Commanding Officers, as, in the event of any delay, which may not be satisfactorily explained, the sum will be placed to their personal debit.

8. Native Soldiers of the Regiments in Burmah, under sentence of imprisonment, will be subsisted by the Commissariat Department, agreeably to the provisions of Government General Order No. 581, of 7th November 1851.

No. 29 of 1855.—Captain and Brevet Major J. S. G. Ryley, of the 5th Regiment Light Cavalry, is permitted to retire from the Service of the East India Company on the pension of a Lieutenant Colonel, from the 31st December 1854.

and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of the Conditions of Sale.

3rd. The Sale shall commence at the hour of 11 A. M. and shall not be continued after the hour of 5 P. M., but if at that hour any of the Lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a Public Holiday,) at the hour of 11 A. M., and so on until the whole of the remaining Lots are disposed of; or if the quantity of 4,440 Chests shall not be sold on the day advertized, the Board may dispose of the Lots which remain on hand at a future Sale.

4th. Each Lot to contain five Chests.

5th. A Deposit in a Promissory Note, either for 25 per Cent. even money of the amount for which each Lot is knocked down, or for Rupees 1,000, at the discretion of the Officer superintending the Sale, shall be made by the Purchaser in the Sale Room, and before the Lot is registered in the Sale Book; and all such Promissory Notes shall be redeemed on the part of the Purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Monday the 15th January; or on the other hand, failing such redemption by the time aforesaid, then the Lot or Lots, for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid, shall have delivered in, shall be re-sold at such time or times, and under such Conditions of Re-sale, as the Board of Revenue shall see fit; and all losses and expenses, whatsoever, attending such Re-sale, shall be borne and paid by the defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6th. The Promissory Notes taken on the day of Sale, under the last-mentioned condition, if remaining unredeemed on the said 15th January, will be placed in the hands of the Attorney to the Honorable Company, for realization in such manner as to him shall seem fit.

7th. No tender of money, Sub-Treasurer's Receipts, or Public Securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 15th January, will be afterwards accepted.

8th. The Opium now advertized for Sale shall be paid for within fifteen clear days from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. M. of Thursday, the 25th January 1855, and in case any Lots of such Opium shall not be so paid for and adjusted, then the Cash deposit of 25 per Cent. even money of the amount for which each Lot is knocked down, or Rupees 1,000 for each Lot, or any Public Securities that may have been deposited on account of such Lots or Chests, shall be forfeited, and the Opium be disposed of on account of Government, at such time and in such manner as the Board of Revenue shall think fit; and the first Purchaser shall further be required to make good any loss or difference of price between that obtained at the Re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such Re-sale.

9th. Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of Lots of their purchase which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final, and not afterwards changeable for other Certificates or Orders authorizing the delivery of single Lots of a different number of Lots or Chests, whether more or less, than the number of Lots or Chests originally required to be included in each Certificate or Order.

10th. No Sub-Treasurer's Receipts or deposit of Public Securities, under the Fifth of the present Conditions, will be received in this Office, except from the party recorded as the Purchaser in the Sale Book, or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such Purchaser, and the Securities so deposited will be returned when payment in full has been made by the said Purchaser or his order.

11th. The Officer superintending the Sale on the part of the Board of Revenue is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit, either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1,000 for each Lot.

12th. With a view to prevent fictitious biddings, designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale shall be competent, at any time during the Sale, to withdraw any unsold Lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bonâ fide* Bidder for a Lot, after it has been offered for Sale in the mode here described, shall be held and declared to be the Purchaser of the said Lot, and the Officer of Government superintending the Sale shall also be competent to dispose, in the same manner, of as many of the subsequent Lots as he may think proper, provided always that no Lot shall be sold below the minimum price of 400 Rupees specified in the Second Clause of these Conditions.

13th. The Purchaser of any Lot shall have the option of naming and purchasing, in immediate succession, any number of Lots, of the same Agency Opium, to the extent of Twenty-five Lots, and for the Lots so purchased, the Purchaser shall deposit for each Lot 25 per Cent. even money of the amount bid by him for the first Lot, or Rs. 1,000 for each Lot, and pay the same price per Chest as that for which he purchased his first Lot, provided always that there remain a sufficient number of Lots of that Opium to complete the said Twenty-five, but not otherwise.

14th. In the event of any dispute or difference, touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every plea and pleas to the jurisdiction of the said Supreme Court shall be waived.

15th. The following papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen pre-

viously to that date by application at the Office of the Junior Secretary to the Board of Revenue :—

No. 1. Certificate of the Opium now advertized for Sale.

No. 2. Report of the Examination of such Opium.

16th. The Public are hereby informed, that in providing the Investment of the Behar and Benares Opium, for the year 1853-54, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the weight of the Drug, when packed at Behar and Benares, and a Statement of the average weight of the Chests, indiscriminately taken, for the purpose of comparison, from the despatches, on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue; and further, that four Chests of Behar and Benares Opium which have been reserved from the Provision of the two preceding years, will be also shown to the Purchasers at the Exchange Rooms on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th. Any further information, respecting weight or quality of the Opium advertized for Sale that may be desired by parties connected with the Trade, will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug which may be preferred on reference to Chests, after the Sale and delivery of the Opium for shipment.

18th. The Public are hereby informed, that in addition to the quantity above-mentioned, the following quantities, more or less, of Behar and Benares Opium, of 1853-54, will be brought to Sale in the year 1855, on or about the dates specified below. 19th. It is hereby further notified, that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand, that out of the quantities of Behar and Benares Opium, declared as above for Sale at the Twelve Sales in the months of January, February, March, April, May, June, July, August, September, October, November, and December, 1855, there shall be delivered to them, at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisition for the whole of the Opium required by them during the year, within thirty days after the publication of this Advertizement, specifying the particular Sale or Sales from which the quantity of Opium is intended to be taken. If the Agents of the French Government shall not make the requisition for Opium within the time above-mentioned, the entire quantity of about 53,319 Chests of Behar and Benares, as above estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales above-mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose :—

“Article 6th. With regard to the Trade in Opium, it is agreed between the high contracting parties, that at each of the periodical Sales of that article, there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of Chests so applied for, provided that such supply shall not exceed Three Hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that, if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much on reduction of the Three Hundred Chests hereinbefore mentioned. The requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta, within thirty days after notice of the intended Sales shall have been published in the *Government Gazette*.”

Notifications, Appointments, &c.

RULES FOR THE TRANSMISSION OF MESSAGES BY THE ELECTRIC TELEGRAPH.

*Passed by the Governor General of India in
Council, on the 5th January 1855.*

- I. MESSAGES on the Public Service shall take precedence of all others.
- II. Service Messages shall be charged for at the same rate as private Messages, but the former shall be paid for by a transfer in account, covered by a *pro forma* receipt, without cash payments.
- III. A Return shall be made every quarter to the Government of India and to the local Governments, showing the number and cost of Messages transmitted by each Department during the preceding quarter.
- IV. No Government Officer shall employ the Telegraph except on urgent and important occasions, and no Message shall be sent on Service by the Electric Telegraph unless the saving of time effected by the Telegraph is of real importance.
- V. At the seats of the local Governments authority to despatch Messages is vested in the head of the Government and in his private Secretary. All other Service Messages, Civil and Military, shall be sent under the authority only of the chief Secretary to Government, and of the chief Military Officer respectively.
- VI. At Calcutta, Messages will be sent under the signature of the Governor General, of his private Secretary, and of the Secretaries to Government. The power of communication along the river is also vested in the Superintendent of Marine and the Master Attendant.
- VII. At Telegraph Stations not being seats of Government, no Service Message shall be sent

unless it be signed by the Chief Civil or Military Officer of the station, each for his own Department.

VIII. The Officer who signs the Message will be responsible for the necessity of sending it by the Telegraph, and if on the periodical inspection of the Station-books it shall be discovered that Messages of a trifling nature have been despatched, the Officer who authorized them will be made to pay for them.

IX. Officers, whose signatures will authorize Messages to be sent free, are bound in honor not to send private communications under cover of that authority.

X. All Service Messages must be conveyed in as few and as short words as possible.

XI. Messages will be received for transmission by Electric Telegraph on and after the 1st of February 1855, at the under-mentioned rates of charge and subject to the following rules:—

A single rate is one Rupee for 16 words and under, and for that sum the Message may be transmitted 400 miles.

A single rate, or distance of 400 miles from Calcutta, will include Benares, and all Telegraph Stations between those cities.

A double rate from Calcutta will include Agra and the intermediate Stations at Allahabad and Cawnpore.

A treble rate from Calcutta will include Meerut, Delhi, Loodianah, Lahore, Gwalior, Seepree and Indore.

A quadruple rate from Calcutta will include Peshawur and Bombay.

Peon hire, at the rate of 4 annas per mile, will be charged for extra, if the Message be sent to any place at a distance from a Telegraph Station.

The rates for the Madras line will be established on the same principle, and will be announced when the Offices under that Presidency are opened.

XII. No Message, however brief, will be charged for at less than a single rate, and the reply will in every case be charged for separately.

XIII. Mercantile or other Messages involving important results, will only be received on condition of being repeated back from each Receiving Station, and at double price, according to the practice in Europe.

XIV. The sender of a Message may pre-pay the charge for a reply, which must be limited to the number of words so pre-paid for.

XV. All Messages must be in the English language, and must be pre-paid in cash, including Peon hire, excepting Messages sent from River Stations below Calcutta.

XVI. No unpaid Message, with the above exception, shall on any account be transmitted. A violation of this rule will subject the Signaller, or Assistant in charge of the Station whence the message may be sent, to dismissal from Office.

XVII. Messages in cypher will be charged for at triple rates under special rules which may be learned at the different Telegraph Offices.

XVIII. All communications in cypher must also be repeated back to obtain accuracy, and the repetition will be charged for in addition at single rate.

XIX. Should a Message in cypher be tendered for transmission simultaneously with a Message in ordinary language, the latter will take precedence of the former.

XX. Subscriptions for daily Messages of 48 words or more will be received at an abatement of one-fourth of the above-named rates.

XXI. Violation of secrecy on the part of any Officer, Assistant, Clerk, or Signaller, in the Telegraph Department, will be punished by dismissal from Office, forfeiture of arrears of pay, and a declaration in the official *Gazette* of the incapability of the delinquent to serve the Government in any public capacity.

XXII. Officers in charge of Telegraph Stations may refuse to transmit a Message which may be of a decidedly objectionable character. Should the character of the Message be disputed, the matter may be referred to a Secretary to Government if the dispute occur at the seat of a Government, or to the Chief Civil Officer if it occur at a Mofussil Station.

XXIII. Private Messages shall be transmitted in the order of their receipt in the Telegraph Office. Should two or more Messages be tendered for transmission at the same time, the shortest shall have the precedence without reference to its relative importance.

XXIV. No Message or Messages, beyond 200 words in all, can be sent at one time by one individual or firm; and no second Message can be sent by the individual or firm till after the lapse of three hours unless the line be free and not required by any one else.

XXV. Private Messages will, until otherwise notified, only be received between sunrise and sunset.

XXVI. During the receipt of Messages signalled as "Confidential," visitors shall be excluded from the Signalling Room. A violation of this rule shall subject the Assistant in charge to dismissal from Office.

XXVII. News and Messages shall be conveyed in the following order:—

- 1st.—Intelligence of the English Mails.
- 2nd.—Messages for the Press.

3rd.—Messages for Subscribers.

4th.—Messages for non-Subscribers.

XXVIII. Overland intelligence, or other public news of great importance, shall be given to the Press free of charge, at the seats of the different Governments, and at all other places on the line where Newspapers are published, and where there are regular Repeating Stations. The intelligence or news will ordinarily be given in two Messages; the first in as few syllables as possible, and containing not more than 25 or 30 words, the second Message will be full, but shall not exceed 640 words.

XXIX. Messages will, under these rules, be received by Post from Europe or elsewhere for transmission, if money be deposited beforehand sufficient to pay for the transmission.

XXX. Messages will also be sent to the Post Office in letters, bearing postage, when instructions to that effect are sent with the Message.

XXXI. The accuracy of Messages is not guaranteed.

XXXII. The foregoing Rules are provisional, and the rates are open to revision.

**RULES FOR THE TRANSMISSION OF MESSAGES
BY THE ELECTRIC TELEGRAPH.**

*Passed by the Governor General of India in
Council, on the 5th January 1855.*

I. MESSAGES on the Public Service shall take precedence of all others.

II. Service Messages shall be charged for at the same rate as private Messages, but the former shall be paid for by a transfer in account, covered by a *pro forma* receipt, without cash payments.

III. A Return shall be made every quarter to the Government of India and to the local Governments, showing the number and cost of Messages transmitted by each Department during the preceding quarter.

IV. No Government Officer shall employ the Telegraph except on urgent and important occasions, and no Message shall be sent on Service by the Electric Telegraph unless the saving of time effected by the Telegraph is of real importance.

V. At the seats of the local Governments authority to despatch Messages is vested in the head of the Government and in his private Secretary. All other Service Messages, Civil and Military, shall be sent under the authority only of the chief Secretary to Government, and of the chief Military Officer respectively.

VI. At Calcutta, Messages will be sent under the signature of the Governor General, of his private Secretary, and of the Secretaries to Government. The power of communication along the river is also vested in the Superintendent of Marine and the Master Attendant.

VII. At Telegraph Stations not being seats of Government, no Service Message shall be sent unless it be signed by the Chief Civil or Military Officer of the station, each for his own Department.

VIII. The Officer who signs the Message will be responsible for the necessity of sending it by the Telegraph, and if on the periodical inspection of the Station-books it shall be discovered that Messages of a trifling nature have been despatched, the Officer who authorized them will be made to pay for them.

IX. Officers, whose signatures will authorize Messages to be sent free, are bound in honor not to send private communications under cover of that authority.

X. All Service Messages must be conveyed in as few and as short words as possible.

XI. Messages will be received for transmission by Electric Telegraph on and after the 1st of February 1855, at the under-mentioned rates of charge and subject to the following rules :—

A single rate is one Rupee for 16 words and under, and for that sum the Message may be transmitted 400 miles.

A single rate, or distance of 400 miles from Calcutta, will include Benares, and all Telegraph Stations between those cities.

A double rate from Calcutta will include Agra and the intermediate Stations at Allahabad and Cawnpore.

A treble rate from Calcutta will include Meerut, Delhi, Loodianah, Lahore, Gwalior, Seepree and Indore.

A quadruple rate from Calcutta will include Peshawur and Bombay.

The rates for the Malras line will be established on the same principle, and will be announced when the Offices under that Presidency are opened.

XII. No Message, however brief, will be charged for at less than a single rate, and the reply will in every case be charged for separately.

XIII. Mercantile or other Messages involving important results, will only be received on condition of being repeated back from each Receiving Station, and at double price, according to the practice in Europe.

XIV. The sender of a Message may pre-pay the charge for a reply, which must be limited to the number of words so pre-paid for.

XV. All Messages must be in the English language, and must be pre-paid in cash, including Peon hire, excepting Messages sent from River Stations below Calcutta.

XVI. No unpaid Message, with the above exception, shall on any account be transmitted. A violation of this rule will subject the Signaller, or Assistant in charge of the Station whence the message may be sent, to dismissal from Office.

XVII. Messages in cypher will be charged for at triple rates under special rules which may be learned at the different Telegraph Offices.

XVIII. All communications in cypher must also be repeated back to obtain accuracy, and the repetition will be charged for in addition at single rate.

XIX. Should a Message in cypher be tendered for transmission simultaneously with a Message in ordinary language, the latter will take precedence of the former.

XX. Subscriptions for daily Messages of 48 words or more will be received at an abatement of one-fourth of the above-named rates.

XXI. Violation of secrecy on the part of any Officer, Assistant, Clerk, or Signaller, in the Telegraph Department, will be punished by dismissal from Office, forfeiture of arrears of pay, and a declaration in the official *Gazette* of the incapability of the delinquent to serve the Government in any public capacity.

Should the character of the Message be disputed, the matter may be referred to a Secretary to Government if the dispute occur at the seat of a Government, or to the Chief Civil Officer if it occur at a Mofussil Station.

XXIII. Private Messages shall be transmitted in the order of their receipt in the Telegraph
